

Friends & Family Test Data May 2017

The NHS Friends and Family test is a way of gathering patient feedback, so that the practice can continually review our services. During May, a total of 3 paper surveys were returned from our patients and on the whole we are very happy with the results. 100% of patients surveyed said that they would be likely or extremely likely to recommend us to their friends and family. 0% said that they were neither likely or unlikely or didn't know. Only 0% were either unlikely or extremely unlikely to recommend us.

Patient Comments

The only drawback to the surgery is getting an appointment, ringing at 8am etc

Polite, helpful, friendly
